PEACE NEAR

Aguinaldo and His Cabinet Confer In Regard to It.

INSURRECTION AT AN END

The War Department Has Not Yet Decided What to Do With Their Prisoner.

IS HE CIVIL OR MILITARY OFFENDER

Manila, March 29.—Aguinaldo held a long conference with his former cabinet officers this morning in reference to the state of affairs of their cause. The members of the cabinet are in favor of declaring the insurrection ended and advise Aguinaldo to do so. It is thought he will issue a proclamation to that effect in a very few days.

AGUINALDO'S FATE.

Washington, March 29.—The war department has not had time yet to consider whether Aguinaldo is to be tried, and what punishment, if any, is to be meted out to him. The first question asked is whether Aguinaldo is to be tried as a military or as a civil offender. If he is to be regarded as having committed treasonable acts or fomented an insurrection against the United States government the trial would be of a civil character, for these are political offenses against the authority of the United States government and are not offenses under the articles of war to be tried by a military court, court-martial or commission. It is hardly expected that the rigorous procedure for treason will be adopted. If it should be section 3332 of the Revised Statutes provides "that every person guilty of treason shall suffer death, or, at the discretion of the court, shall be imprisoned at hard labor for not less than five years and fined not less than \$100,000."

A YOUNG HERO.

LAD PREVENTS DESTRUCTION OF A TRAIN.

Vanceburg, March 29.—Elmer Rouse, a young fellow only eleven years of age, saw fifty feet of the track of the C. and O. railroad washed away by a flood. The lad hurried back and flagged an oncoming fast passenger train just in time to prevent its destruction.

FANATICS RAMPANT.

TRY TO DESTROY AKRON, OHIO.

Akron, Ohio, March 29.—Fanatics made a wholesale attempt to dynamite and destroy all of the large factories of the city last night and partially succeeded. The Diamond Pottery plant was totally destroyed and two others damaged by the explosions.

St. Petersburg, March 29.—The Russian officials insist that China must sign the Manchurian treaty and do so very soon.

SIGNED THE SCALE.

THE OPERATORS AND MINERS HAVE AGREED.

Louisville, March 29.—An agreement about wages has been reached by the Western Kentucky coal operators and miners and the scale signed. The threatened strike has been averted and both sides are now satisfied. Last year's scale was adopted. It provides \$1.82 a day of eight hours and seventy-five cents per ton. The miners came here demanding \$2.10 a day and eighty cents a ton.

According to the scale wages will be paid as follows: Tracklayers, \$2; helpers, \$1.82; trappers, 57 cents; bottom cagers, \$1.82; drivers, \$1.82; water haulers, \$1.82; timbermen, \$2; pipemen, \$1.92; all other inside day labor, \$1.82.

All employees shall be paid on the first Saturday after the 10th of each month and on the 28th. Payments shall be made in cash. No mass meetings will be allowed during working hours on or off the company's premises. Four thousand miners are affected by the agreement. They are distributed among seventy-five mines. The scale was signed after long wrangling.

POLICE CIRCLES.

SEVERAL CASES TRIED IN POLICE COURT THIS MORNING.

There Were But Three Drunks and One Fight Yesterday—Felony Cases Left Open.

The case against Lou Hutchinson, of the Buckskin Bill show, charged with breaking into Sam Goodman's saloon, was called in the police court this morning and again left open, this time until tomorrow morning.

The case against Nowt, alias Joe Davis, of the county, charged with obtaining property by false pretenses, and stealing a mule belonging to Geo. Kendall, of the county, was called and set for Tuesday. Major Harris was appointed to defend.

The case against Mrs. Belle Stacy, charged with presenting a pistol at her husband, was continued until next Friday. The defendant, who is chambermaid on the Tennessee, wanted to make a trip. Judge Sanders said it would be good for the woman, the court and the community if she left on the Tennessee and forgot to come back.

John Hamilton, colored, has a peculiar way of playing with his wife with his fists, and raising large knots on the back of her head. He failed to give Judge Sanders a satisfactory explanation this morning and was fined \$20 and costs.

J. T. Boaz, arrested by Officer J. R. Gray for a plain drunk, was fined \$1.

W. L. Hanberry, arrested by Officers Hessian and Potter, and Frank Aaron, arrested by Officers Hessian and Potter, for being drunk and disorderly, were fined \$5 and costs each.

Sam Trimble and Ella Williams, colored, for a fight at Twelfth and Trimble streets, were fined \$10 and costs each.

THE RAILROADS.

WORK ON THE ILLINOIS CENTRAL MEMPHIS DIVISION, IS

Progressing—Air Car Goes South, Enroute to Chicago—Other Happenings of Local Interest.

A railroad meeting was held at Salem last night for the purpose of agreeing upon some plan to induce the Illinois railroad company to build a branch line through this county, says yesterday's Livingstone Banner. The meeting was largely attended, but we have not learned what proposition will be made the railroad company.

Messrs. Davis and Hughes, in charge of the air car, left today for Chicago, after a tour of this division to instruct the men.

Civil engineers of the Illinois Central railroad, who are making a survey for a double track from Fulton to Memphis, are now at work below River, having their present headquarters at that place.

Dispatcher J. B. Alvey returned from Mayfield and Fulton today at noon.

TWO MOBS

One Wanted to Lynch an Alleged Murderer, and the Other Anyone Who Harmed Him.

TROUBLE AT TIPTONVILLE

Dick Darnell, a Prominent Lawyer, Killed By Hardy Beasley, of Fulton, Ky.

SAID TO BE IN SELF DEFENSE

There was a lively time at Tiptonville, Tenn., last night, according to reports brought in at noon today by passengers on the east bound train. A lynching, followed by bloodshed, was narrowly averted.

Richard Darnell, a prominent lawyer of Tiptonville, as told in the Sun's telegraph dispatches yesterday, was shot and killed by Hardy Beasley, a well known young man of Fulton, Ky., whose father is a well-to-do farmer of Hickman county.

The shooting occurred in J. W. Walker's drug store and Darnell was shot five times. The story of the trouble is very interesting.

Some two or three months ago Beasley was trying to get Darnell, at Tiptonville, over the long distance telephone to see about renting a house from him.

It is claimed that a boy at the exchange office kept breaking in, and finally Beasley angrily used some very profane language towards him.

It happened that just at that instant Mrs. Darnell took down the telephone receiver and heard the insulting words. She informed her husband, thinking they were intended for her, and Darnell threatened to kill Beasley at sight.

He, Darnell, is said to have been a very dangerous man, having killed nine men, and when Beasley went to Tiptonville, it was predicted that bloodshed would follow.

The old quarrel about the telephone was renewed when they met in the drug store, and in a fight which ensued Beasley shot his antagonist five times. The victim died half an hour later.

After the killing Beasley was arrested and feeling against him became very strong. It was believed that he would be lynched last night by friends of the dead lawyer, and a mob began to form to do the work.

Beasley's friends then began to gather, and threatened to wreak vengeance on the other mob if the lynching were attempted.

Peace was finally restored and it is thought there will be no further trouble. Darnell leaves a wife and several children. He was a prominent and dangerous man, and those from Tennessee today think Beasley will establish a good case of self defense.

A FREAK OF NATURE. Probably the most remarkable calf ever seen in McCracken county was born at Dr. W. H. Sanders', in Arcadia, this morning. All four of its feet and legs were on backwards. In consideration of the confusion bound to result when the animal tried to walk, it was killed.

"REPEATERS."

It is claimed by some of the defeated candidates that "repeaters" were rung in on them to the number of a hundred or two. Other candidates, however, readily conceded the election of their opponent.

All but four or five of the boxes with certified returns were in Secretary Eaton's office this afternoon. While the official count has not been made, the result is known beyond a doubt.

A DAILY THOUGHT.

Life is a leaf of paper white
Whereon each one of us may write
His word or two, and then come night.

—Lowell.

The Democratic primary is over and no doubt every self-respecting man who has business on Broadway will applaud the fact. The scenes on the corner of Third and Fourth streets for the last few weeks have been very disgusting to every one who had to pass that way—except possibly the gang of moonshiners. The ticket that was nominated yesterday is not a strong one while there are good men on it, there is no questioning the fact that the majority of the best men for the respective places were defeated. Many of the men who worked the hardest in the self-sacrificing race last fall were relegated to the rear, they stood the brunt of the fight last fall, and after they had done so, their efforts were soon forgotten and men who had not turned a hand in that warm and memorable struggle were given the nominations. While the vote was large it was brought about by the large number of aspirants for places more than any manifested enthusiasm, together with the fact that no restrictions were enforced. Life long and well known Republicans and Populists were permitted to vote without question or challenge, and 300 more votes were cast than Bryan received. The Republicans and their allies now know who they will have to defeat and it behooves them to put their best foot forward as they have the easiest race before them they have ever had in McCracken county.

Illinois proposes to erect a mausoleum for Abraham Lincoln that will cost the Grant tomb. Illinois will donate \$500,000 and the government will be asked for that much more. If any man ever deserved a monument Abe Lincoln did.

The engagement of Captain Richmond Pearson Hobson to Miss Enid Crisley is announced in the dispatches. Who is Richmond Pearson Hobson, anyway?

Editor Rosewater won't represent Nebraska in the senate. He need not worry. The editor of a representative newspaper is a bigger man than the average senator.

Get in the wagon, boys, and we will all take a ride. If the Register can't do the driving, however, you will soon have to get another vehicle.

Aginaldo has been caught at last and Funston did the trick. Good boy. That fellow, Funston, may be heard from again a'er long in politics.

The miners and operators of the West Kentucky coal mines are pleased with the agreement for the new year thus assuring peace for a while.

Probably Funston could get a good position in the English army. DeWet would be nice picking for him.

President Hadley, of Yale, wants to organize an educational trust. Still they come.

Now that the fleet footed Aginaldo is captured what will we do with him.

How long will the News carry the ticket named yesterday at its mast head.

The streets wear their normal look today. Quiet has been restored once more.

Some of the candidates are weary. They are all broke.

Well, it is one election the Democrats carried.

Four "moonshiners!" His occupation is gone.

CADIZ RAILROAD.

Cadiz, March 29.—The surveyors will complete the location of the railroad at Gray's this week. Next week they will take the levels, and then cross-section the road, and then order the contract for teams, carpenters, supplies, etc.

boom in business of every kind is expected.

A meeting of the stockholders of the Cadiz Railroad company was held in Cadiz last Saturday afternoon for the purpose of selecting a site for the proposed depot in Cadiz.

County Attorney D. P. Smith was selected to provide for the meeting, and Garland B. Jefferson was elected secretary.

The committee appointed to locate a site for the depot reported unanimously in favor of "the vacant and inclosed grounds of Henry B. Wilkinson lying north of his residence and on a line between him and Mrs. Nannie G. Thompson and east of the big gully, and through which the line of the said road is now located."

WOOLEN MILL THIEF RECEIVES ONLY SIX MONTHS AT MAYFIELD.

Jim Lawrence, caught in the act of stealing wool from the Mayfield Woolen mill a short time ago, had a hearing in the circuit court there and was found guilty and given six months in the county jail.

The amount of wool found in his possession, at the time of his capture, amounted to less than \$20, hence the light sentence.

Other indictments for larger amounts are filed away and will likely come up at next term of court.

MAN WITH HAIR

CAPTURED BY THE POLICE AT ASHLAND.

Ashland, Ky., March 29.—The mysterious personage seen about the C. and O. yards and camp of the franks and thought by some to be a female detective in man's attire, was captured by Chief of Police E. H. Rye at 10:30 this morning and turns out to be a man well formed and young, with a profusion of auburn hair reaching below the waist. He gives his name as Walter Minnick and says his home is in old Virginia.

WILL BE QUELLED.

New York, March 29.—The World today publishes the following dispatch from St. Petersburg, dated March 25 and mailed to Berlin in order to escape the censor:

The distinguishing and gravest feature of the present disturbances in Russia is the evidence of an organized combination for the first time between the students and the workmen of an ostensibly revolutionary character. Bogolepoff, the minister of public instruction, who was assassinated, was the worst type of a Russian Bureaucrat. His administration was marked by continued petty persecution of the students. The petition prepared by eminent professors and certain senators invoking the personal intervention of the czar was another proof of the panic prevailing in official circles, but the presentation of this petition was prevented by higher officials.

No doubt is entertained here that the outbreak will be quelled eventually, but it will only be done at an incalculable cost of life and suffering.

KENTUCKY SOLDIER KILLED.

Owensboro, Ky., March 29.—Alonso C. Hooker, corporal, Sixteenth Infantry, U. S. A., reported as killed in the Philippines March 9, was the son of Henry D. Hooker, of this county, and brother of Prof. J. B. Hooker, of Owensboro. He was 28 years old and enlisted in the army with two of his brothers several years ago, all of them having excellent military records.

GIVEN AN OAVTION.

Berlin, March 29.—Emperor Alexander personally led the Emperor Alexander Grenadier regiment from the Lustgarten to the new barracks today. This was the emperor's first appearance on horseback since the outrage at Bremen. He was given an ovation along the entire route of march.

MANY WANT OFFICE.

Fulton, March 29.—The entries for the various county offices to be selected in the Democratic primary of April 6 have been closed. The nineteen candidates paid their pro rata of the \$100 expense of the primary. R. S. Murrell, of Hickman, withdrew from the race for county judge.

WILL VOTE ON SALOONS.

Mayfield, March 29.—The vote on the question of saloons or no saloons in the Pilot Oak precinct, will be taken tomorrow. In view of the interest that is being taken in the matter it is likely a full vote will be polled. The result is in doubt, both sides claiming the victory.

EDRINGTON'S CLAIM.

HIS SON GOES DOWN AND VISITS HIM—SHOT AT THE MAN, HE DECLARES.

Henry Edrington, son of Harry Edrington, alias Hennington, who shot and killed his wife near Cairo Monday, returned last night from Cairo, where he went to visit his father at the jail there. He stated to officers on the boat that he thought his father would get out of the trouble, but it would probably cost him a lot of money. He said further that his father was not shooting at his mother, so his father claimed, but at the man who induced her to leave him and abandon home. He expects to show that her death was due to accident, and not to any murderous designs on his part.

MRS. J. C. SCHROEDER CALLED TO LOUISVILLE BY HER MOTHER'S DEATH.

WHAT BRYAN SAYS.

Lincoln, Neb., March 29.—W. J. Bryan gave expression to the following today in discussing the capture of Aguinaldo:

"While no one can predict with certainty the effect of Aguinaldo's capture, it is possible it may put an end to the war for the present, but the objection to imperialism is not removed. We cannot administer an empire in the Orient and maintain a republic in America."

Nicholsville, Ky., March 29.—Burglars entered the residence of M. Brown last night, stealing his gold watch, overcoat and \$20 in money. A bag of diamonds valued at \$500 was taken from under Mrs. Brown's pillow. That was found this morning where the burglars had accidentally dropped it.

NO CHANGE NEEDED.

Fulton, Ky., March 29.—One of the hottest elections ever held in Tennessee took place at Obion Wednesday. The representatives in the legislature sent the question of re-charter or no change back to the people for settlement. Both sides worked like Trojans and the result was in doubt until the last vote was counted. By a vote of 103 to 101 it was decided that no change was needed.

The Life of Jesus of Nazareth.

CHAPTER V.

THE CHILDHOOD OF JESUS.

The child grew, and waxed strong, filled with wisdom; and the grace of God was upon him.

His parents went every year to Jerusalem at the feast of the passover.

And when he was twelve years old, they went up after the custom of the feast; and when they had fulfilled the days, as they were returning, the boy Jesus tarried behind in Jerusalem; and his parents knew it not; but supposing him to be in the company, they went a day's journey; and they sought him among their kinsfolk and acquaintance; and when they found him not, they returned to Jerusalem, seeking for him. And it came to pass, after three days they found him in the temple, sitting in the midst of the doctors, both hearing them, and asking them questions; and all that heard him were amazed at his understanding and his answers. And when they saw him, they were astonished; and his mother said unto him:

"Son, why hast thou thus dealt with us? behold thy father and I sought thee sorrowing."

And he said unto them: "How is it that ye sought me? wist ye not that I must be in my Father's house?"

And they understood not the saying which he spake unto them. And he went down with them, and came to Nazareth; and he was subject unto them; and his mother kept all these sayings in her heart.

And Jesus advanced in wisdom and stature, and in favor with God and men.

CATARH CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars to any case of deafness, caused by catarrh, that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

GOVERNOR'S RETURN.

Frankfort, March 29.—Governor Beckham and party will return to Kentucky Saturday from their trip to Pass Christian, Miss., New Orleans and other southern points, where they have been spending the last ten days.

Robert R. Watts, of Salem, Mo., writes: "I have been troubled with kidney disease for the last five years and have doctored with all the leading physicians and have tried all remedies suggested without any relief. Finally I tried FOLEY'S KIDNEY CURE and less than two bottles completely cured me and I am sound and well." J. C. Gilbert.

College students are becoming more of a menace to the country than tramps or trusts. Something will have to be done to suppress cantrips, hat-rushes and yelling contests.

Pneumonia follows a gripe, but never follows the use of FOLEY'S HONEY AND TAR, the great throat and lung remedy. Take no substitute. J. C. Gilbert.

The new map of the earth which is being prepared for the Pan-American exposition will, of course, show where Mr. Pierpont Morgan's principal coal-mining stations are located.

WAGON LOAD CANNON BALLS.

Danville, Ky., March 29.—William Silliman, of this place, last Monday purchased a wagonload of cannon balls from a citizen of Crab Orchard. They were recently discovered in a field by a boy who was plowing and the supposition is that they were buried during the civil war by federal soldiers who camped there and who were compelled to make a hasty retreat from the place by a raid of Gen. John Morgan. There were about fifty of the balls found, weighing twelve pounds each.

WITH THE SAGES.

Man does not live by bread alone, but by faith, by admiration, by sympathy.—Emerson.

It is the soul which creates to itself a body; the idea which makes to itself a habitation.—Mazzini.

Then that has china plates themselves is the most careful not to break the china plates of others.—Barrie.

Cynics are only happy in making the world as barren to others as they have made it for themselves.—George Meredith.

The business of the head is to form a good heart, and not merely to rule an evil one, as is generally imagined.—Sir A. Helpa.

We are very apt to measure ourselves by our aspirations instead of our performance. But in truth the conduct of our lives is the only proof of the sincerity of our hearts.—George Eliot.

Surely nothing can be more unmanly or more unworthy of a rational being, than to spend life in idle lamentations because what we or our fathers once believed to be true has now proved to be false.—C. Naden.

He who, when goodness is impressively put before him, exhibits an instinctive loyalty to it, starts forward to take its side, trusts himself to it—such a man has faith, and the root of the matter is in such a man.—Sir J. Seeley.

I will not think any human being the worse, but much the better, for having a broad foundation of seriousness, which the lightest spirits may gracefully eliminate. Playfulness on top of seriousness is not only a charm to others; it is the wise secret of life.—Oakfield.

Depend upon it, there is a difficulty in attacking perseveringly to work made for yourself, which you ought seriously to consider before you enter upon it for life. There is an assistance to the whole character in compulsory work, in even the commonest routine drudgery, which deserves to be properly valued before you unbecomely from it.—Oakfield.

HIGH LIGHTS.

To make a man think well of you first make him think well of himself. Spiritually it is hard to locate; some people look seraphic when the mince pie comes on.

Since there's nothing new under the sun it is strange that new shoes have to be broken in.

There are women stupid enough to quote poetry at the man who is carving the turkey.

A woman is always surprised to find that everybody doesn't know what she learned only yesterday.

Buying books as Christmas gifts is expensive because we always throw in so many for ourselves.

It takes a woman with a good memory to give away as presents this year the presents she got last Christmas.—Chicago Record.

AMBITION.
What is ambition? 'Tis a glorious cheer! It seeks the chamber of the gifted boy, And lifts his humble window and comes in! The narrow walls expand and spread away! To a kindly palace, and the roof Lifts to the sky, and unseen fingers work The ceilings with risen banners, and write His name in burning letters over all, And ever as he shifts his "wildered eyes The phantom comes and lays upon his lids A spell that murders sleep, and in his whippers a deathless word, and on his brain Breathes a fierce thirst no waters will allay.

Life is its slave henceforth. His days are spent In chasing down his heart and watching where To rise by human weakness. His nights Bring him no rest in all their blessed hours. His kindred are forgotten or estranged; Unhealed fires burn constant in his eyes.

His lip grows restless and its smile is curled Half into scorn; till the bright, fiery boy, That was a daily blessing and so pure, Is frozen, in the very flush of youth, Into a cold, care-tortured, heartless man.

And what is its reward? At best, a name! Praise—when the ear has grown too dull to hear; Gold—when the senses it should please are dead; Wealth—when the heart it should have thrilled is numb; Fame—when the heart it should have thrilled is numb; All things but love—when love is all we want; And close behind comes death, and ere we know That even these unavailing gifts are gone, He sends us, stripped and naked, to the grave.

—Nathaniel P. Willis.

PAUPERISM

The dread of the thrifty, the bane of any nation, is so easily prevented that there is small excuse for even the day laborer at small wages ever reach the almshouse. For the well-to-do merchant or the man on a fair salary, it's a crime when life insurance is so cheap and the best companies offer so many good plans. Investment is a feature for the laborer. See us about it.
